### EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Effectiveness of weekend physical rehabilitation for functional recovery in geriatric patients with hip fracture  
*K Hasebe et al.* 1143
- Physiological and psychological effects of gardening activity in older adults  
*A Hassan et al.* 1147
- Role of autonomic nervous activity, as measured by heart rate variability, on the effect of mortality in disabled older adults with low blood pressure in long-term care  
*K Shibasaki et al.* 1153
- Prevalence, risk factors and adverse outcomes of anticholinergic burden in patients with advanced chronic conditions at hospital admission  
*D Sevilla-Sánchez et al.* 1159
- Impairment in toileting behavior after a stroke  
*E Kawanabe et al.* 1166
- Importance of frailty evaluation in the prediction of the prognosis of patients with chronic subdural hematoma  
*K Shimizu et al.* 1173
- Path analysis of caregiver characteristics and neuropsychiatric symptoms in Alzheimer's disease patients  
*LL Delfino et al.* 1177
- Risk factors for nursing- and healthcare-associated urinary tract infection  
*K Sugishita et al.* 1183
- Association of fall history with the Timed Up and Go test score and the dual task cost: A cross-sectional study among independent community-dwelling older adults  
*T Asai et al.* 1189
- Functional and clinical outcomes of patients aged younger and older than 85 years after rehabilitation post-hip fracture surgery in a co-managed orthogeriatric unit  
*P Mazzola et al.* 1194
- Frailty phenotype and its association with all-cause mortality in community-dwelling Norwegian women and men aged 70 years and older: The Tromsø Study 2001–2016  
*PL Langholz et al.* 1200
- Effects of knee taping during functional activities in older people with knee osteoarthritis: A randomized controlled clinical trial  
*K-n Park and S-h Kim* 1206
- Emergency surgery in octogenarians: Outcomes and factors affecting mortality in the general hospital setting  
*JC Bolger et al.* 1211
- Use of proton pump inhibitors is associated with increased mortality due to nosocomial pneumonia in bedridden patients receiving tube feeding  
*K Hamai et al.* 1215
- Factors associated with discontinuing or not starting oral anticoagulant therapy in older hospitalized patients with non-valvular atrial fibrillation  
*J Diez-Manglano et al.* 1219
- Postural sway normative data across the adult lifespan: Results from 6280 individuals on the Balance Tracking System balance test  
*DJ Goble and HS Baweja* 1225
- Assessment of aspiration pneumonia using the Anticholinergic Risk Scale  
*E Kose et al.* 1230
- Factors affecting the appetites of persons with Alzheimer's disease and mild cognitive impairment  
*S Suma et al.* 1236
- Less than one-third of hip fracture patients return to their prefracture level of instrumental activities of daily living in a prospective cohort study of 480 patients  
*S Moerman et al.* 1244

- Sex-specific associations between smoking habits and reaching longevity: Netherlands Cohort Study  
*L Brandts and PA van den Brandt* 1249

### BEHAVIORAL AND SOCIAL SCIENCES

- Factors that promote new or continuous participation in social group activity among Japanese community-dwelling older adults: A 2-year longitudinal study  
*Y Nemoto et al.* 1259

### SOCIAL RESEARCH, PLANNING AND PRACTICE

- Risk factors for falls in terms of attention during gait in community-dwelling older adults  
*T Inoue et al.* 1267
- Potentially avoidable hospitalizations, non-potentially avoidable hospitalizations and in-hospital deaths among residents of long-term care facilities  
*B Jeon et al.* 1272

### BIOLOGY

- Prevalence of and factors associated with successful aging in Brazilian older adults: Frailty in Brazilian older people Study (FIBRA RJ)  
*AC Canêdo et al.* 1280
- Telomere shortening and frailty in Mexican older adults  
*M Ortiz-Ramírez et al.* 1286

### METHODOLOGICAL REPORT

- European repository of explicit criteria of potentially inappropriate medications in old age  
*I Ivanova et al.* 1293

### LETTERS TO THE EDITOR

#### CASE REPORTS

- Trial of activity with a human-shaped robot for care recipients  
*E Takano et al.* 1298
- Ventricular tachycardia: An electrocardiographic artifact induced by tremors  
*A Charpin et al.* 1299
- Striated hand in an elderly man with disseminated tuberculosis: An unusual first case  
*R Gaude et al.* 1300

#### RESEARCH STUDIES

- Prevention of accidental deaths among people with dementia missing in the community in Japan  
*T Saito et al.* 1301
- Correlation between regional cerebral blood flow and body composition in healthy older women: A single-photon emission computed tomography study  
*C Fujisawa et al.* 1303
- Direct oral anticoagulants in the early phase of non-valvular atrial fibrillation-related ischemic stroke in very old patients undergoing systemic thrombolysis and/or mechanical thrombectomy  
*L Masotti et al.* 1304

#### COMMENTS

- Part II Comments on: Improving physical fitness and health status perception in community-dwelling older adults through a structured program for physical activity promotion in the city of Naples, Italy: A randomized controlled trial  
*J Padulo et al.* 1306
- Causal inference from an observational study of geriatric rehabilitation pharmacotherapy  
*R Momosaki et al.* 1307
