Geriatrics and Gerontology International Volume 18 Issue 7, July 2018

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Frailty index and its associations with self-neglect, social support and sociodemographic characteristics among older adults in rural China
J Li et al. 987
- Natural history of gastric cancer from a retrospective review of endoscopic images of older patients with interval gastric cancer
T Iida et al. 997
- Effectiveness of preoperative physical therapy for older patients with hip fracture
A Sawaguchi et al. 1003
- Orthostatic hypotension and overall mortality in 1050 older patients of the outpatient comprehensive geriatric assessment unit
T Freud et al. 1009
- Relationship between number of drugs and duration of hospital stay in older patients with neuromuscular diseases
S Nishida et al. 1018
- Is anemia associated with cognitive impairment and delirium among older acute surgical patients?
PK Myint et al. 1025
- Comparison of body composition and physical and cognitive function between older Japanese adults with no diabetes, prediabetes and diabetes: A cross-sectional study in community-dwelling Japanese older people
T Kera et al. 1031
- Risk factors of adverse events in endoscopic retrograde cholangiopancreatography for patients aged ≥ 85 years
K Takahashi et al. 1038
- Age-related changes of proinsulin processing in diabetic and non-diabetic Japanese individuals
H Yoshino et al. 1046
- Impacts of persistent general and site-specific pain on activities of daily living and physical performance: A prospective analysis of the English Longitudinal Study of Ageing
V Yiengprugsawan and A Steptoe 1051
- Determining discharge destination in geriatric evaluation and management units: Is progressive goal attainment a better early indicator of discharge destination than improvement in functional independence measure scores?
S Black et al. 1058
- Potentially inappropriate medications with polypharmacy increase the risk of falls in older Japanese patients: 1-year prospective cohort study
S Masumoto et al. 1064
- Association between atherosclerosis and handgrip strength in non-hypertensive populations in India and Japan
H Yamanashi et al. 1071
- Impact of frailty on chronic pain, activities of daily living and physical activity in community-dwelling older adults: A cross-sectional study
T Hirase et al. 1079

- Physical frailty and mortality risk in Japanese older adults
A Yuki et al. 1085
- Social participation and the onset of hypertension among the middle-aged and older population: Evidence from the China Health and Retirement Longitudinal Study
R Tu et al. 1093
- Awareness of atrial fibrillation in Japan: A large-scale, nationwide Internet survey of 50 000 Japanese adults
H Akiyama and Y Hasegawa 1100
- Trajectories of arterial stiffness and all-cause mortality among community-dwelling older Japanese
Y Taniguchi et al. 1108

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Community activities predict disability and mortality in community-dwelling older adults
M Okura et al. 1114

METHODOLOGICAL REPORT

- Knee extensor strength assessed using a vertical squat and a simple geometric model to calculate joint torque: An evaluation of validity and clinical utility
H Sato et al. 1125

LETTERS TO THE EDITOR

CASE REPORTS

- Disseminated non-tuberculous mycobacterial infection caused by anti-interferon- γ autoantibodies in a patient of very advanced age
T Yamada et al. 1132
- Crystallization granuloma by nifekalant hydrochloride infusion
T Ichiki et al. 1133
- Post-infectious transverse myelitis in an older adult: A rare complication of *Klebsiella* bacteremia
JS Lim et al. 1135
- Unusual case of idiopathic normal pressure hydrocephalus initially presenting as Parinaud's syndrome
J-Y Lee et al. 1136

RESEARCH STUDIES

- Sex difference in the association of androgens with aortic calcification
T Hashizume et al. 1137
