EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Prevalence and risk factors of constipation and pollakisuria among older home-care patients
H Komiya et al. 277
- Ambulatory glucose profile in diabetes-related dementia
Y Ogawa et al. 282
- Relationship between the Kihon Checklist and the clinical parameters in patients who participated in cardiac rehabilitation
M Kunimoto et al. 287
- Emergency surgery and American Society of Anesthesiologists physical status score are the most influential risk factors of death in nonagenarian surgical patients
R Fariña-Castro et al. 293
- Effect of pelvic floor dysfunction on sexual function and quality of life in Chinese women of different ages: An observational study
Q Zhu et al. 299
- Functional mobility trajectories of hospitalized older adults admitted to acute geriatric wards: A retrospective observational study in an English university hospital
A Lyons et al. 305
- Twelve weeks of exercise modality in hypoxia enhances health-related function in obese older Korean men: A randomized controlled trial
H-Y Park et al. 311
- Post-intensive care unit respiratory failure in older patients liberated from intensive care unit and ventilator: The predictive value of the National Early Warning Score on intensive care unit discharge
Y-C Chen et al. 317
- Behavior changes by a buddy-style intervention including physical training, and nutritional and social support
E Winzer et al. 323
- Relationship between jaw-opening force and neck circumference in healthy older individuals
S Yoshida et al. 330
- Associations of number of teeth with medical costs and hospitalization duration in an older Japanese population
M Saito et al. 335

BEHAVIORAL AND SOCIAL SCIENCES

- Off-track thoughts: Intentional and unintentional mind wandering in Alzheimer's disease
M El Haj et al. 342
- Subiculum volumes associated with memory function in the oldest-old individuals aged 95 years and older
Y Eguchi et al. 347
- Predictors of happiness among older Korean women living alone
J Kim et al. 352

BIOLOGY

- Sevoflurane anesthesia impairs metabotropic glutamate receptor-dependent long-term depression and cognitive functions in senile mice
X Yu et al. 357

LETTERS TO THE EDITOR

CASE REPORT

- Pancreatic cancer manifesting as Sister Mary Joseph nodule during follow up of a patient with type 2 diabetes mellitus: A case report
T Omura et al. 363

RESEARCH STUDY

- Factors associated with positive attitudes toward care of dying persons among staff of geriatric care facilities in Japan
S Toishiba et al. 364

COMMENTS

- Depression and all-cause mortality in older adults: A risk assessment
T Kawada 366
- Authors' reply to the letter to the editor on "Depression and all-cause mortality in Korean older adults"
H Hong et al. 366
- Prediction of short-term mortality after emergency surgery in octogenarians
X-Y Zhu et al. 368
- Emergency surgery in octogenarians: Outcomes and factors affecting mortality in the general hospital setting. Authors' reply
JC Bolger and KP Murray 369
