REVIEW ARTICLE

Management of high cholesterol levels in older people
M Bertolotti et al.

375

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

Association of olfactory impairment with indexes of sarcopenia and frailty in community-dwelling older adults

M Harita et al.

384

Clinical outcomes of kidney transplantation in older end-stage renal disease patients: A nationwide cohort study

EJ Ko et al.

392

Association between sarcopenia and sleep disorder in older patients with diabetes

S Ida et al.

399

Association between delirium, adverse clinical events and functional outcomes in older patients admitted to rehabilitation settings after a hip fracture: A multicenter retrospective cohort study

A Morandi et al.

404

Effects of neuromuscular electrical stimulation of quadriceps on the quadriceps strength and functional performance in nursing home residents: A comparison of short and long stimulation periods

S Acaröz Candan et al.

409

Depression of persons with dementia and family caregiver burden: Finding positives in caregiving as a moderator

F Yang et al.

414

Oxidative stress and anti-oxidant responses to regular resistance training in young and older adult women

S Alikhani and D Sheikholeslami-Vatani

419

Combined effect of diabetes and frailty on mortality and incident disability in older Japanese adults

A Kitamura et al.

423

Synergistic effect of bodyweight resistance exercise and protein supplementation on skeletal muscle in sarcopenic or dynapenic older adults

MYamada et al.

429

SOCIAL RESEARCH, PLANNING AND PRACTICE

Staff mix and nursing home quality by level of case mix in Korea

M Song and H Song

438

Prevalence of incontinence among cognitively impaired older residents in long-term care facilities in East Asia: A cross-sectional study

Y Higami et al.

444

BIOLOGY

Age-associated alterations in murine dermis through inflammatory response with mitochondrial DNA deletions

K Kawaguchi et al.

451

LETTERS TO THE EDITOR

CASE REPORT

Blood flow restriction and blood flow restriction resistance training improves muscle mass, muscle strength and mobility in an older patient with osteoarthritis carrying the ACTN3 endurance genotype: A case report

F Lima-Soares et al.

458

RESEARCH STUDIES

Serum free testosterone levels are positively correlated with skeletal muscle mass in older women aged over 75 years

MYakabe et al.

460

Improvement in polypharmacy and medication regimen complexity among older inpatients with dementia in a geriatric ward

Y Kase et al.

461

COMMENTS

Transdisciplinary approach for potentially harmful drug-drug interaction detection as a part of a comprehensive medication review and geriatric assessment

N Tomita et al.

462

Factors associated with potentially harmful drug-drug interactions in older Korean people: A population-based study

S-J Yoon et al.

463
