## EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Development and validity of the Computer-Based Cognitive Assessment Tool for intervention in community-dwelling older individuals  
*J Takahashi et al.* 171
- Individualized nutritional treatment for acute stroke patients with malnutrition risk improves functional independence measurement: A randomized controlled trial  
*I Otsuki et al.* 176
- Predictive factors for *Enterococcus faecalis* in complicated community-acquired urinary tract infections in older patients  
*M Madrazo et al.* 183
- Safety and efficacy of a defecation care algorithm based on ultrasonographic bowel observation in Japanese home-care settings: a single-case, multiple-baseline study  
*M Matsumoto et al.* 187
- Effects of a Kinect-based physical training program on body composition, functional fitness and depression in institutionalized older adults  
*RL Rica et al.* 195
- Comparison of the efficacy of surgical tracheostomy and percutaneous dilatational tracheostomy with flexible lightwand and ultrasonography in geriatric intensive care patients  
*ÖF Boran et al.* 201
- Differences in early-phase insulin secretion and glucose disposition index between aged and middle-aged patients with newly diagnosed type 2 diabetes  
*Y Yu et al.* 206
- Detecting cognitive decline in community-dwelling older adults using simple cognitive and motor performance tests  
*Y Tomita et al.* 212
- Global cognition predicts the incidence of poor physical performance among older adults: A cross-national study  
*A Dansereau et al.* 218

## SOCIAL RESEARCH, PLANNING AND PRACTICE

- Mental health according to sleep duration in stroke survivors: A population-based nationwide cross-sectional study  
*H-M Moon and Y Kim* 223
- Study of pharmacist intervention in polypharmacy among older patients: Non-randomized, controlled trial  
*R Hashimoto et al.* 229

## BIOLOGY

- Effects of rikkunshito supplementation on resistance to oxidative stress and lifespan in mice  
*Z Wang et al.* 238
- CogEvo, a cognitive function balancer, is a sensitive and easy psychiatric test battery for age-related cognitive decline  
*S Ichii et al.* 248
- Association between redox state of human serum albumin and exercise capacity in older women: A cross-sectional study  
*H Ashikawa et al.* 256

## LETTERS TO THE EDITOR

### CASE REPORT

- Association between clinical symptoms and post-mortem neuropathology in dementia with Lewy bodies  
*Y Kaneko et al.* 261

### COMMENTS

- Kihon Checklist for detecting frailty  
*T Kawada* 263
- Delving into the caregiver burden associated basic activity of daily living disability among caregivers of patients with mild-to-moderate Alzheimer's disease  
*R Kawaharada et al.* 263
- Response to the Comment on "Validity of the Kihon Checklist for evaluating frailty status in Turkish older adults"  
*O Dokuzlar et al.* 265
