Geriatrics and Gerontology International Volume 20 Issue 5, May 2020

REVIEW ARTICLE

- Knowledge evaluation instruments for dementia caregiver education programs: A scoping review
NV Resciniti et al. 397

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- New score including daily life independence levels with dementia is associated with the onset of deep vein thrombosis in frail older adults
K Nakanishi et al. 414
- Factors associated with health-related quality of life in community-dwelling elderly people in China
Q Wang et al. 422
- Endoscopic submucosal dissection for superficial esophageal neoplasms in elderly patients: A single-center, large-scale, retrospective study
JH Noh et al. 430
- Effectiveness of a simplified reablement program to minimize functional decline in hospitalized older patients
F-W Hu et al. 436
- Dizziness in patients with early stages of Parkinson's disease: Prevalence, clinical characteristics and implications
K-Y Kwon et al. 443
- Increased blood pressure variability during the subacute phase in patients with ischemic stroke presenting with a low ankle-brachial index
H Naito et al. 448
- Usefulness of the Geriatric Nutritional Risk Index to predict the severity of cholecystitis among older patients in the emergency department
JS Lee et al. 455
- Clinical impact of evaluation of frailty in endoscopic submucosal dissection for early gastric cancer in elderly patients
N Misawa et al. 461
- Gender differences in social network of cognitive function among community-dwelling older adults
S Lee et al. 467

- Association between weight change over a period of 4 years and mortality in Korean older adults
KY Son et al. 474
- Effectiveness of home care for fever treatment in older people: A case-control study compared with hospitalized care
Y Arai et al. 482

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Absolute reliability of tongue pressure measurement in young healthy adults and elderly patients with certification of needing long-term care or support
Y Sawaya et al. 488

BIOLOGY

- Exercise cessation in active older adults: Effects on inflammatory markers and adiponectin
I Esain et al. 494

LETTERS TO THE EDITOR

CASE REPORT

- Meningoencephalitis caused by masked mastoiditis that was diagnosed during a follow-up in an elderly patient with diabetes mellitus: A case report
T Omura et al. 500

RESEARCH STUDIES

- Emotional therapy using Internet of Things for behavioral and psychological symptoms of dementia
K Fukushima et al. 502
- Evaluation of emergency room visits and subsequent hospitalization within the Programs of All-inclusive Care for the Elderly
A Patel and M McNabney 503

COMMENT

- Reply to the comments on "Aging is independently associated with an increasing normal respiratory rate among older adults without pulmonary disease and chronic heart failure"
A Takayama and T Nagamine 505
