## *Geriatrics and Gerontology International* Volume 21 Issue 2, February 2021

### INVITED REVIEW ARTICLE

- Senescence research from historical theory to future clinical application  
*M Kameda et al.* 125

### SPECIAL ARTICLES

- Preface to Management guideline for Werner syndrome 2020  
*M Takemoto and KYokote* 131
- Management guideline for Werner syndrome 2020 1. Dyslipidemia and fatty liver associated with Werner syndrome  
*KTsukamoto et al.* 133
- Management guideline for Werner syndrome 2020. 2. Sarcopenia associated with Werner syndrome  
*M Kuzuya et al.* 139
- Management guideline for Werner syndrome 2020. 3. Diabetes associated with Werner syndrome  
*M Takemoto et al.* 142
- Management guideline for Werner syndrome 2020. 4. Osteoporosis associated with Werner syndrome  
*S Mori et al.* 146
- Management guideline for Werner syndrome 2020. 5. Infection associated with Werner syndrome  
*T Taniguchi et al.* 150
- Management guideline for Werner syndrome 2020. 6. Skin ulcers associated with Werner syndrome: Prevention and non-surgical and surgical treatment  
*Y Kubota et al.* 153
- Management guideline for Werner syndrome 2020. 7. Skin ulcer associated with Werner syndrome: Dermatological treatment  
*S Motegi et al.* 160
- Management guideline for Werner syndrome 2020 8. Calcification in tendons associated with Werner syndrome  
*A Taniguchi et al.* 163

### EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Mitochondrial DNA haplogroups affect physical performances in Han older adults: an 8-year follow-up prospective cohort study  
*C-W Yang et al.* 166
- Prevalence of dementia and its impact on mortality in patients with coronavirus disease 2019: A systematic review and meta-analysis  
*J July and R Pranata* 172
- Urinary incontinence onset predictors in community-dwelling older women: A prospective cohort study  
*K Okumatsu et al.* 178
- Genetic association of *BIN1* and *GAB2* in Alzheimer's disease: A meta-analysis and systematic review  
*X Hao et al.* 185
- Usefulness of CogEvo, a computerized cognitive assessment and training tool, for distinguishing patients with mild Alzheimer's disease and mild cognitive impairment from cognitively normal older people  
*H Takechi and H Yoshino* 192
- Association between direct interpersonal involvement with a dying family member and discussions regarding advance care planning among Japanese older adults  
*J Miyashita et al.* 197

- Lifestyle habits and the risk factors of dementia: Evidence from Japan  
*F Chen and HYoshida* 203
- Cross-national comparison of social isolation and mortality among older adults: A 10-year follow-up study in Japan and England  
*M Saito et al.* 209
- Parental lifespan and the likelihood of reaching the age of 90 years in the Netherlands Cohort Study  
*L Brandts et al.* 215
- Usability of a self-administered geriatric assessment mHealth: Cross-sectional study in a geriatric clinic  
*D Rasheedy et al.* 222
- Validating care-needs level against self-reported measures of functioning, disability and sarcopenia among Japanese patients receiving home medical care: The Zaitaku Evaluative Initiatives and Outcome Study  
*Y Tsugihashi et al.* 229

### BEHAVIORAL AND SOCIAL SCIENCES

- Development of a scale measuring barriers to going out among community-dwelling older adults  
*S Yamazaki et al.* 238
- Urinary incontinence and its association with socioeconomic status among middle-aged and older persons in Taiwan: A population-based study  
*Y-F Lin et al.* 245

### SOCIAL RESEARCH, PLANNING AND PRACTICE

- Reliability and validity of the Japanese version of the Caregiving Interface Work Scale in employed Japanese family caregivers  
*M Sakka et al.* 254
- Kihon Checklist to assess frailty in older adults: Some evidence on the internal consistency and validity of the Spanish version  
*T Sentandreu-Mañó et al.* 262

### BIOLOGY

- Oyster oligopeptide improving cyclophosphamide-induced partial androgen deficiency of the aging male by promotion of testosterone synthesis  
*Q Jin et al.* 268

### LETTERS TO THE EDITOR RESEARCH STUDIES

- Increase of verbal communication by long-term use of transfer-support robots in nursing facilities  
*T Yoshimi et al.* 276

### COMMENTS

- Comment on secondary peritonitis as a result of accidental ingestion of a press-through package  
*Y-H Wu and M-P Ho* 278
- Met and unmet care needs of persons with dementia in-home  
*K Kajiwara et al.* 278
