EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

Association of drugs with special caution in the guidelines
with falls: A case-control and case-crossover study
in Japan

Y Ishibashi et al. 285

Olfactory-cognitive index distinguishes involvement
of frontal lobe shrinkage, as in sarcopenia from
shrinkage of medial temporal areas, and global brain,
as in Kihon Checklist frailty/dependence, in older
adults with progression of normal cognition to
Alzheimer's disease

O Iritani et al. 291

Development of the Houston-Apollo model for older
people living in remote areas in Taiwan

K-C Chang et al. 299

Visceral fat accumulation is associated with risk
of diabetes in community-dwelling Japanese
older adults

I Chiba et al. 306

Differences in the association between white matter
hyperintensities and gait performance among
older adults with and without cognitive impairment

R Sakurai et al. 313

Prevalence and predictors of mortality for older adults
referred to hospital avoidance program

S Gul et al. 321

Efficacy of preoperative frailty assessment in patients
with gastrointestinal disease

H Kameyama et al. 327

Association between positive grandparental involvement
during childhood and generativity in late life among
community-dwelling, cognitively intact, older adults
in Japan

A Morita and T Fujiwara 331

LETTERS TO THE EDITOR COMMENTS

Management of geriatric multimorbidity in old age home
residents: An emerging issue in India

S Pati et al. 338
