Geriatrics and Gerontology International Volume 21 Issue 6, June 2021

INVITED REVIEW ARTICLE

- Role of physical therapists and aromatherapy for fall prevention in older people: A narrative review
S Ebihara et al. 445

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Engaging in musical activities and the risk of dementia in older adults: A longitudinal study from the Japan gerontological evaluation study
A Arafa et al. 451
- Relationship between locomotive syndrome, frailty and sarcopenia: Locomotive syndrome overlapped in the majority of frailty and sarcopenia patients
K Ide et al. 458
- Social factors predicting improvement of frailty in community-dwelling older adults: Korean Frailty and Aging Cohort Study
AR Jang et al. 465
- Mobile application for monitoring behavioral and psychological symptoms of dementia in patients with moderate to severe dementia
P Rangseekajee et al. 472
- Effectiveness of a video-based advance care planning intervention in hospitalized elderly patients: A randomized controlled trial
L-H Lin et al. 478
- Prevalence and risk factors of hypertonic dehydration among older patients admitted to the emergency department: A prospective cross-sectional study
P Buaprasert et al. 485
- Prospective nursing care certification using the 25-question Geriatric Locomotive Function Scale
K Ide et al. 492
- Body mass index and risk of recurrent falls in community-dwelling Japanese aged 40–74 years: The Murakami cohort study
K Nakamura et al. 498
- Effect of clinical pharmacists' interventions on dementia treatment adherence and caregivers' knowledge
FN Balli et al. 506

- Functional categories based on cognition and activities of daily living predict all-cause mortality in older adults with diabetes mellitus: The Japanese Elderly Diabetes Intervention Trial
T Omura et al. 512
- Predictors of development and persistence of musculoskeletal pain in community-dwelling older people: A two-year longitudinal study
T Hirase et al. 519
- Factors associated with the accomplishment of home death among patients receiving physician-led home healthcare
S Tomita et al. 525

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Impacts of multi-morbidity, hemoglobin levels, and frailty on functional disability of older adult residents of long-term care facilities: A structural equation analysis
L-H Liu et al. 532

LETTERS TO THE EDITOR

CASE REPORTS

- Indoor horticultural therapy for older adults living in a nursing home: Bedside structured floral arrangement program
H Mochizuki-Kawai et al. 538
- Delirium triggered by COVID-19 vaccine in an elderly patient
LF Zavala-Jonguitud and CC Pérez-García 540

COMMENTS

- Which is a better predictor for adverse events in older adults with diabetes, frailty or higher-level functional incapacity?
T Omura et al. 541
- Brain-derived neurotrophic factor: An available biomarker to predict and diagnose sarcopenia in hemodialysis patients?
R Xu et al. 542
