COMMISSION REPORT

- Toward the development of a vibrant, super-aged society:
The future of medicine and society in Japan
K Iijima et al. 601

REVIEW ARTICLE

- Impact of frailty metabolic phenotypes on the management
of older people with type 2 diabetes mellitus
AH Abdelhafiz et al. 614

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Effect of early intensive rehabilitation on the clinical outcomes
of patients with acute stroke
K Oyanagi et al. 623

- Characteristics and outcomes of older patients with coronavirus
disease 2019 in Japan
K Tanaka et al. 629

- Measuring positive caregiving experiences in family caregivers
of nursing home residents: A comparison of the Positive
Experiences Scale, Gain in Alzheimer Care Instrument,
and Positive Aspects of Caregiving questionnaire
HJ A Smaling et al. 636

- Association of regional white matter hyperintensity
volumes with cognitive dysfunction and vascular risk factors
in patients with amnesic mild cognitive impairment
K Hirao et al. 644

- Association of advanced glycation end-products levels with
vascular events in postmenopausal women
T Urano et al. 651

- The relationship between alcohol intake and falls hospitalization:
Results from the EPIC-Norfolk
GJ Tan et al. 657

- Association between social frailty as well as early physical
dysfunction and exercise intolerance among older patients
receiving hemodialysis
N Usui et al. 664

- Ostomy prevalence and survival in elderly patients with stage III
and IV rectal cancer
B Badic et al. 670

- Perioperative changes in physical performance affect short-term
outcome in elderly cardiac surgery patients
T Morisawa et al. 676

- Gait speed and pain status as discriminatory factors for
instrumental activities of daily living disability in older
adults with knee osteoarthritis
K Nanjo et al. 683

BEHAVIORAL AND SOCIAL SCIENCES

- Clinical features of 65-year-old individuals in Japan diagnosed
with possible sarcopenia based on the Asian Working Group for
Sarcopenia 2019 criteria
H Miura et al. 689

- Association between frequency of snacking and all-cause
mortality among community-dwelling young-old adults:
An age-specific prospective cohort study
T Kobayashi et al. 697

- Use of the Dementia Assessment Sheet for Community-based
Integrated Care System 21 items among Chinese
community-dwelling older adults
Y Chen et al. 705

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Municipal long-term care workforce supply and in-home deaths
at the end of life: Panel data analysis with a fixed-effect
model in Japan
K Abe et al. 712

- Behavioral and psychological symptoms in institutional residents
with dementia in Taiwan
S-W Hsieh et al. 718

BIOLOGY

- Korean mistletoe (*Viscum album var. coloratum*) extends the
lifespan via FOXO activation induced by dSir2 in *Drosophila*
melanogaster
S-H Lee et al. 725

- Taller adult height is associated with better performance of cognitive
trajectories in Chinese over 45 years old: Evidence from the
China Health and Retirement Longitudinal Study
L Luo et al. 732

LETTERS TO THE EDITOR

CASE REPORTS

- Utilization of transfer support equipment for meeting with family
members in a nursing home during the COVID-19 pandemic:
A case report
T Yoshimi et al. 741

- Cerebral pathological findings in long-lived patient with Werner
syndrome and dementia
M Kuzuya et al. 743

- Biliary pseudolithiasis in an older patient treated with lascufloxacin
T Nagamine 745

- Clenbuterol poisoning due to a mix-up between clenbuterol
hydrochloride and other similarly shaped drug tablets
S Urushidani and A Kuriyama 746

RESEARCH STUDIES

- Agreement on dementia severity levels between the 8-item
and 21-item Dementia Assessment Sheet for Community-based
Integrated Care System
S Mitsutake et al. 748

- Kihon Checklist: Thai version
P Assantachai et al. 749

- The COVID-19 pandemic and organizational resilience as
unanticipated outcome of introducing socially assistive robots
in nursing homes
K Obayashi et al. 752

- Does the COVID-19 pandemic robustly influence the incidence
of frailty?
M Yamada and H Arai 754

COMMENTS

- Frailty and health risk in older people
T Kawada 755

- Reply to "In reference to preoperative serum biomarkers in the
prediction of postoperative delirium following abdominal
surgery"
M Ida et al. 756

- Dementia as a risk factor for aspiration in patients with
COVID-19
H Yoshikawa et al. 757

- Video intervention for end-of-life care
A Guan et al. 758
