ORIGINAL ARTICLES

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Efficacy of erlotinib and its effects on the quality of life of older patients with epidermal growth factor receptor-mutant non-small cell lung cancer: A prospective, multicenter, dose-modification study
Y Tsubata et al. 881
- Efficacy and safety of endoscopic retrograde cholangiopancreatography in the very elderly by using a combination of intravenous midazolam, ketamine and pethidine
S Tokmak et al. 887
- Associations of neighborhood built and social environments with frailty among mid-to-older aged Australian adults
T Abe et al. 893
- Short physical performance battery score and driving a car are independent factors associated with life-space activities in older adults with cardiovascular disease
K Hashimoto et al. 900
- Effect of dentures on pharyngeal swallowing function in patients with dysphagia
D Takagi et al. 907
- Infection prevention and control practice among home-care nursing agencies in Japan: Secondary analysis of a nationwide cross-sectional survey
N Morioka and M Kashiwagi 913
- Walking speed and short physical performance battery are associated with conversion to long-term care need: A study in outpatients of a locomotive syndrome-frailty clinic
K Kawamura et al. 919
- Impact of physical frailty on the clinical outcomes of older patients hospitalized for pneumonia
K Yamada et al. 926
- Associations between genetic loci related to lean mass and body composition in type 2 diabetes
T Minohara et al. 932
- Blocking the activin IIB receptor with bimagrumab (BYM338) increases walking performance: A meta-analysis
RW Spitz et al. 939

- Low urine pH is a risk factor for low muscle mass: A new way to predict sarcopenia
S-WYang et al. 944

BEHAVIORAL AND SOCIAL SCIENCES

- Association between habitual coffee consumption and skeletal muscle mass in middle-aged and older Japanese people
C Iwasaka et al. 950

BIOLOGY

- Association of FGF-19 and FGF-21 levels with primary sarcopenia
R Bag Soytaş et al. 959

LETTERS TO THE EDITOR

RESEARCH STUDIES

- Association of dehydration with development of dementia among non-demented geriatric outpatients
M Nagae et al. 963
- Digitally administered SARC-F or the 5-time chair rise: Which is better?
VW-T Ho and RA Merchant 964
- Mental well-being of staff in long-term care facilities at risk
C Ura et al. 966
- Progressive deterioration of frailty is associated with poor outcomes in patients with transthyretin cardiac amyloidosis
M Takahashi et al. 967

COMMENTS

- Reply to the comments on “Effectiveness of a video-based advance care planning intervention in hospitalized elderly patients: A randomized controlled trial”
L-H Lin et al. 969
- Authors’ reply to the letter from Dr. Kato
K Abe et al. 970
