INVITED REVIEW

- Similarities, differences and overlaps between frailty and Parkinson's disease
J Ebina et al. 259

ORIGINAL ARTICLES

EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Surgical risk assessment for super-elderly patients
Y Miura et al. 271
- Alcohol consumption and risk of Alzheimer's disease: A dose-response meta-analysis
C Xie and Y Feng 278
- Association between protein intake and changes in renal function among Japanese community-dwelling older people: The SONIC study
T Sekiguchi et al. 286
- Simple screening models for cognitive impairment in community settings: The IRIDE Cohort Study
T Abe et al. 292
- Effects of ipragliflozin on left ventricular diastolic function in patients with type 2 diabetes and heart failure with preserved ejection fraction: The EXCEED randomized controlled multicenter study
H Akasaka et al. 298
- Environmental hazards as risk factors for trips and slips at home among Japanese older people: A pilot study toward the development of a self-assessment tool for the home environment
R Sawa et al. 305
- Trajectories of muscle quantity, quality and function measurements in hospitalized older adults
C Welch et al. 311
- The Mini-Cog: A simple screening tool for cognitive impairment useful in predicting the risk of delirium after major urological cancer surgery
S Yajima et al. 319
- Limited health literacy increases the risk of frailty among community-dwelling older adults: Longitudinal findings from the Korean Frailty and Aging Cohort Study
EY Choi et al. 325

BEHAVIORAL AND SOCIAL SCIENCES

- Validation of the Spanish version of the Memory Failures of Everyday questionnaire in older adults using Rasch analysis
C Rodríguez-Blázquez et al. 332
- Modifiable intrinsic factors related to occupational falls in older workers
Y Osuka et al. 338

SOCIAL RESEARCH, PLANNING AND PRACTICE

- Reliability and validity of the Japanese version of the Person-Centered Care Assessment Tool
Y Yumoto et al. 344
- Association between neighborhood walkability and social participation in community-dwelling older adults in Japan: A cross-sectional analysis of the keeping active across generations uniting the youth and the aged study
D Matsumoto et al. 350

LETTERS TO THE EDITOR

CASE REPORTS

- Focal striatal amyloid deposition in Alzheimer's disease caused by *APP* p.V717I mutation: Longitudinal positron emission tomography study
R Kobayashi et al. 360

RESEARCH STUDIES

- Five-repetition sit-to-stand test: End with the fifth stand or sit?
M Yamada et al. 362
- Factors associated with psychological well-being among nonagenarians: Well-being in the era of 100 years of life
K Ito et al. 364

COMMENTS

- Reply to comments on "Effect of intensive olfactory training for cognitive function in patients with dementia"
H Cha and K-Y Kwon 366
