### REVIEW ARTICLE

- Insulin-dependent diabetes mellitus in older adults: Current status and future prospects  
*H Ikegami et al.* 549

### ORIGINAL ARTICLES

#### EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- Ambulation status at an acute care hospital predicts pneumonia and mortality in stroke patients: A retrospective cohort study  
*K Yamauchi et al.* 554
- The agreement between measured HbA1c and optimized target HbA1c based on the Dementia Assessment Sheet for Community-based Integrated Care System 8-items (DASC-8): A cross-sectional study of elderly patients with diabetes  
*A Miya et al.* 560
- Factors related to a sense of security with medical and long-term care services among community-dwelling middle-aged and older adults in Japan  
*J Fujita et al.* 568
- Screening accuracy of percentage predicted gait speed for prefrailty/frailty in community-dwelling older adults  
*Y-H Pua et al.* 575
- Older adults' preferences for and actual situations of artificial hydration and nutrition in end-of-life care: An 11-year follow-up study in a care home  
*T Wada et al.* 581
- Determinants associated with the incidence of occupational accidents among visiting nurses from home-visit nursing agencies: Secondary analysis of cross-national survey data in Japan  
*M Kashiwagi and N Morioka* 588
- Intensive care in an older population: Influence of age, comorbidities and sex in 304 plastic and reconstructive surgical patients older than 75 years  
*CJ Staud et al.* 597
- Lower limb muscle quality and phase angle contribute to the reduced walking speed among older adults  
*Y Hirano et al.* 603
- Prognostic values of muscle mass assessed by dual-energy X-ray absorptiometry and bioelectrical impedance analysis in older patients with heart failure  
*H Saito et al.* 610
- Evaluating the effects of telenursing on patients' activities of daily living and instrumental activities of daily living after myocardial infarction: A randomized controlled trial study  
*N Sefidi et al.* 616
- Bioimpedance phase angle and sarcopenia in older patients with prostate cancer  
*H-Y Park et al.* 623

- Association between care rehabilitation and the risk of fracture hospitalization in people with Parkinson's disease  
*N Liu et al.* 628
- Nomogram for predicting in-hospital mortality of nonagenarians with community-acquired pneumonia  
*Y Zan et al.* 635
- Association between the coexistence of premorbid sarcopenia, frailty, and disability and functional outcome in older patients with acute stroke  
*M Nozoe et al.* 642
- National trends in gastrostomy in older adults between 2014 and 2019 in Japan  
*Y Hattori et al.* 648
- Effect of short-term acute moderate-intensity resistance exercise on blood glucose in older patients with type 2 diabetes mellitus and sarcopenia  
*D Zhao et al.* 653
- Factors associated with short and long sleep duration in older adults: Analysis of a national survey in Japan  
*H Midorikawa et al.* 660
- Predictive validity of the modified Kihon Checklist for the incidence of functional disability among older people: A 3-year cohort study from the JAGES  
*R Watanabe et al.* 667

### SOCIAL RESEARCH, PLANNING AND PRACTICE

- Trends in places and causes of death among centenarians in Japan from 2006 to 2016  
*T Koyama et al.* 675

### LETTERS TO THE EDITOR

#### RESEARCH STUDIES

- Recovery from or progression to frailty during the second year of the COVID-19 pandemic  
*M Yamada and H Arai* 681
- The inability to open a polyethylene terephthalate bottle cap can predict sarcopenia  
*Y Sawaya et al.* 682
- Current status and issues of missing older persons with dementia living alone in Japan  
*K Kikuchi et al.* 684
- The impact of the COVID-19 pandemic on services for community-dwelling adults and people with dementia, and their families' intentions to use those services  
*K Kazawa et al.* 686

### COMMENT

- Healthcare use for older patients in urban and rural settings  
*BKP Woo et al.* 688
