## Geriatrics and Gerontology International Volume 23 Issue 11, November 2023

### REVIEW ARTICLE

- Effect of driving training on car crashes and driving skills in older people: A systematic review and meta-analysis  
*H Ishii et al.* 771

### ORIGINAL ARTICLES

#### EPIDEMIOLOGY, CLINICAL PRACTICE AND HEALTH

- The combined effect of rowing exercise and the intake of functional foods containing inulin on muscle mass and bone mineral density in older Japanese women  
*H Murata et al.* 779
- Impact of body mass index on outcomes of inpatients with vertebral compression fractures in Japan: A retrospective cohort study  
*K Takahashi et al.* 788
- Relationships between frailty and exercise capacity in patients undergoing hemodialysis: A cross-sectional study  
*S Kojima et al.* 795
- Chewing difficulty and frailty trajectories in Chinese nursing home residents: A prospective cohort study  
*S Wang et al.* 803
- Rapid weight change as a predictor of disability among community-dwelling Japanese older adults  
*M Tsubota-Utsugi et al.* 809
- Determinants of functional disability trajectories: An assessment of the disablement model and life-course perspective  
*S He and SL Lai* 817
- Factors associated with maintaining walking ability postoperation for hip fractures and the predictive value of the CGA7 score for postoperative walking ability  
*S Morisaki et al.* 830
- Safety of endoscopic ultrasound-guided fine-needle aspiration for pancreatic solid mass in the elderly: A single-center retrospective study  
*K Takahashi et al.* 836
- Effects of interventions on life-space mobility for community-dwelling older adults: A systematic review and meta-analysis  
*H Yoshikawa et al.* 842
- Effectiveness and safety of the co-administration of Yokukan-San (Japanese herbal medicine) with antipsychotics in hospitalized older patients with pneumonia  
*A Yokoyama et al.* 849

#### BEHAVIORAL AND SOCIAL SCIENCES

- The relationship between working status in old age and cause-specific disability in Japanese community-dwelling older adults with or without frailty: A 3.6-year prospective study  
*Y Fujiwara et al.* 855

### SOCIAL RESEARCH, PLANNING AND PRACTICE

- Comparison between the effects of virtual supervision and minimal supervision in a 12-week home-based physical exercise program on mental health and quality of life of older adults: Secondary analysis from a randomized clinical trial  
*J Daniele de Araújo Silva et al.* 864
- Frailty and visual, auditory, olfactory, and taste senses in older patients visiting a frailty outpatient clinic  
*S Sable-Morita et al.* 871

### LETTERS TO THE EDITOR

#### CASE REPORTS

- A rare and illustrated case of presumed essential tremor mimicking tremor-dominant Parkinson disease: More than meets the eye  
*H Ju et al.* 877
- Not all is what it seems like: Hypercalcemia in the older patient  
*ADHM Brys et al.* 879
- Microgeodic disease in an older woman  
*A Yoshizaki and H Nishioka* 881

### RESEARCH STUDIES

- Strategies for fostering residents' positive attitude toward social participation of people with dementia: A cross-sectional analysis  
*T Saito et al.* 882
- Validity and reliability of the Quality Score of Physiological Status for patients lacking communication ability in a care facility  
*T Hirai et al.* 884
- Assessments of cognitive function of older adults in community general support centers: The IRIDE cohort study  
*T Abe et al.* 887
- Can immunization with BCG delay the onset of Alzheimer's disease?  
*ON Gofrit et al.* 889
- A study on the incidence rate of missing persons with dementia living alone in Chiba prefecture, Japan  
*K Kikuchi et al.* 890
- Survey on the health status within two weeks after mRNA vaccination for SARS-CoV-2 in geriatric health service facilities in Japan  
*Y Yamaguchi et al.* 892
