*Geriatrics and Gerontology International* Volume 24 Issue 3, March 2024

## REVIEW ARTICLE

- Mapping the landscape: A bibliometric analysis of information and communication technology adoption by older adults with cognitive frailty or impairment  
*NH Md Fadzil et al.* 251

## ORIGINAL ARTICLES

### EPIDEMIOLOGY CLINICAL PRACTICE AND HEALTH

- Sensitivity and specificity of *Yubi-wakka* (finger-ring) screening method for sarcopenia among older Thai adults  
*K Lawongsa et al.* 263
- Comparisons of survival and surgical outcomes between minimally invasive partial nephrectomy and radical nephrectomy in elderly patients with stage 1 renal cell carcinoma  
*T Takagi et al.* 269
- Deprescribing psychotropic medications is associated with improvements in activities of daily living in post-stroke patients  
*E Kose et al.* 275
- Patterns of long-term care service use and multimorbidity in older Japanese adults: A cross-sectional study of claim data  
*M Sagawa et al.* 283
- Development of a short form of the Japanese version of the Caregiver Reaction Assessment (CRA-J-10) among informal caregivers of older adults  
*T Noguchi et al.* 290
- Examining the effects of binaural beat music on sleep quality, heart rate variability, and depression in older people with poor sleep quality in a long-term care institution: A randomized controlled trial  
*P-H Lin et al.* 297
- Low hemoglobin levels are associated with compromised muscle health: Insights from a post-stroke rehabilitation cohort  
*Y Yoshimura et al.* 305

## BIOLOGY

- Prognostic value of the geriatric nutritional risk index and other hematological markers on long-term survival in the geriatric population  
*JP da Costa Pereira et al.* 312

## LETTERS TO THE EDITOR

### CASE REPORTS

- Older man with an alcohol addiction developed cataracts, and physical, mental and social frailties  
*S Nakayama et al.* 319
- A case of successful chemotherapy in an elderly double-hit lymphoma patient with a giant tumor, severe renal impairment, and unfavorable performance status  
*R Yamamoto et al.* 320
- Adverse device reaction: Chin decubitus  
*A Schattner and I Dubin* 322

## RESEARCH STUDIES

- Relationship between social networks and medication counts: A 1-year follow-up pilot study  
*S Hasegawa et al.* 324

## COMMENTS

- Effect of COVID-19 on physical function decline predictors in nursing home residents  
*Y Ohnishi and H Otsuka* 326
- Left ventricular assist device in cognitive impairment: A favorable destination despite poor prognosis?  
*M Nagai and TW Dasari* 328
- Coincidence of sarcopenia and body weight loss  
*E Amiya* 329
- Comments on: Feasibility, safety, and effects of a Nintendo Ring Fit Adventure™ balance and strengthening exercise program in community-dwelling older adults with a history of falls: A feasibility randomized controlled trial  
*FY Pu and H Cheng* 331
