## Geriatrics and Gerontology International Volume 25 Issue 12, December 2025

### COMMISSION REPORT

The Japan Geriatrics Society 2025 Position Statement on End-of-Life Care for Older Adults: English Translation of the Japanese Article  
*K Aita et al.* 1681

### SYSTEMATIC REVIEW

Psychosocial Interventions to Reduce Caregiver Burden in Family Caregivers of People With Dementia: A Systematic Review  
*HK Surer et al.* 1693

### ORIGINAL ARTICLE

#### EPIDEMIOLOGY CLINICAL PRACTICE

##### AND HEALTH

Factors Influencing Hospitalization Among Older Adults in Tokyo's Emergency Medical Services: The Role of Cerebral Disease and Seasonal Variations  
*K Megumi et al.* 1724

Clinical Frailty Scale as A Predictor of 2-Year Mortality and Associated Risk Factors in Older Diabetic Patients  
*WC-T Ip et al.* 1732

Comparison of Predictive Ability of Clinical Frailty Scale, Kihon Checklist, and DASC-8 for New Certification of Long-Term Care Needs: A Longitudinal Study  
*M Nakano et al.* 1741

Depressive Symptoms Are Associated With Recurrent Fall Risk in Community-Dwelling Japanese People Aged 40–74 Years: The Murakami Cohort Study  
*T Nishikura et al.* 1749

Associations of Daily Step Goals With Prefrailty and Frailty in Patients With Chronic Obstructive Pulmonary Disease  
*K Mochimaru et al.* 1758

Pre-Operative Resistance Training and Amino Acid Supplementation in Frail Patients With Gastrointestinal Cancer: A Randomized Clinical Trial  
*T Fujimoto et al.* 1765

Measurement of the Walking Distance of the First 3 Steps at the Start of Walking Can Be an Alternative Physical Function Measure to 6-m Walking Speed: A Prospective Pilot Study  
*S Urmezawa et al.* 1774

Development and External Validation of a Machine Learning-Based System for Predicting 4-Year Incident Sarcopenia in Multimorbid Older Adults: Results From Two Prospective Cohorts  
*X Pan et al.* 1780

Efficacy of Surgery on Improvement of Locomotive Syndrome in Older Patients With Lumbar Spinal Stenosis: Comparison With the General Older Population  
*T Mui et al.* 1793

Exploring Fall-Related Fracture Risk by Possible Fall-Risk Increasing Drugs in Japanese Older Adults Using Municipal Linked Medical and Long-Term Care Claim Data: A Nested Case-Control and Case-Crossover Study  
*H Nakano et al.* 1799

Association Between Fatty Infiltration of the Gluteus Medius Muscle and Falls After Total Hip Arthroplasty in Female Patients With Unilateral Primary Hip Osteoarthritis: A Retrospective Cohort Study  
*A Shinonaga et al.* 1812

Assessment of Factors Associated With Dehydration and Its Relationship With Depression in Individuals Aged Over 80 Years  
*M Yilmazer et al.* 1821

Depressive Symptom Trajectories and Hypertension Risk Among Chinese Middle-Aged and Older Adults: The China Health and Retirement Longitudinal Study  
*C Sun et al.* 1830

Is Appendicular Lean Soft Tissue Mass a Clinically Valid Diagnostic Marker for Sarcopenia?  
*Y Osuka et al.* 1840

Associations of Nutritional Health Risk With Cognitive Function in Older Korean Adults: The Mediating Roles of Lower Body Strength and Depression  
*S Kang et al.* 1846

Potential of the 25-Question Geriatric Locomotive Functional Scale to Improve Prediction of Nursing-Care Requirement: A 4-Year Cohort Study  
*K Ide et al.* 1853

Chronic Hepatitis B and Muscle Mass: Age-Specific Associations in a Taiwanese Cohort  
*E Luo et al.* 1861

Elevated Serum Triglycerides Independently Predict Incident Falls in Middle-Aged and Older Adults  
*K Deng* 1868

Impact of Comorbidities on Healthcare and Long-Term Care Costs After Hip Fracture: Analyses of Healthcare and Long-Term Care Insurance Data in Sendai City, Japan  
*S Nakatoh et al.* 1878

#### BEHAVIORAL AND SOCIAL SCIENCES

Oral Frailty, Dental Visits, and Healthy Life Expectancy: A 6-Year Prospective Cohort Among Japanese Older Adults  
*S Khairinisa et al.* 1884

#### SOCIAL RESEARCH, PLANNING AND PRACTICE

Association of Aging Trajectories in the Japan Science and Technology Agency Index of Competence With Instrumental Activities of Daily Living Among Community-Dwelling Older Japanese Adults: The Otassha Study  
*H Kawai et al.* 1894

#### BIOLOGY

The Role of an Elevated Fibrosis-4 Index in Neurocognitive Decline and Brain Volume Reduction in Older Adults With Metabolic Dysfunction-Associated Steatotic Liver Disease  
*M Nagaoka et al.* 1903

Inflammatory and Nutrition-Glucose Metabolic Factors in Relation to Sarcopenia Prevalence Among US Adults: Evidence From NHANES 2015–2018  
*J Wei et al.* 1911

Walking Speed and Hand Grip Strength as Predictors of Hypertension Risk in Older Adults: The Impact of Insulin Resistance  
*O Lee and D Park* 1923

Increased Risk of Postoperative Complications in Elderly Hip Fracture Patients With Cognitive Impairment: Evidence From a Japanese Nationwide Database  
*Y Mori et al.* 1930

Characterization of Patients With Type 2 Diabetes Experiencing Severe Hypoglycemia Exclusively due to Dipeptidyl Peptidase-4 Inhibitor Monotherapy  
*J-I Mori et al.* 1940

Mapping Core Memory Networks in Cognitively Impaired Adults Aged 75 and Older: Insights From a WMS-R-Based Symptom Network Analysis  
*D Zeng et al.* 1948

Plasma Levels of Chitinase 3-Like 1 Protein Increase in Patients With Neurodegenerative Diseases: A Small Cohort Study  
*E Haciosmanoglu Aldogan et al.* 1955

#### LETTER TO THE EDITOR

##### CASE REPORT

Fix or Adapt? Rethinking the Management of Complex Autonomic Dysfunction in an Older Adult Following Orthopedic Surgery  
*CD De Louche and S Palliyage* 1962

Deranged Mineral Balance Exacerbated by Concomitant Use of Licorice and Sodium-Glucose Cotransporter-2 Inhibitor in an Older Subject With Impaired Activities of Daily Living  
*H Kitsunai et al.* 1965

Patient With Mild Alzheimer's Disease Homozygous for *ApoE*  $\epsilon 4$  Showing Improved Cognition, No Brain Volume Loss, and Complete Amyloid Clearance After Lecanemab Treatment  
*H Hanyu et al.* 1968

#### RESEARCH STUDIES

Vitamin K Insufficiency Predicts Cognitive Decline in Community-Dwelling Older Adults: The Otassha Study  
*K Azuma et al.* 1971

Grandchild Care and Frailty in Later Life: Evidence From Older Koreans  
*IC Hwang et al.* 1974

#### COMMENTS

Beyond Overhydration: Considering the J-Curve of Fluid Status in Hemodialysis Outcomes  
*S-M Chen et al.* 1978

Standardizing Nonspecific Complaints in Geriatric EMS: Toward Diagnosis-Aware, Frailty-Informed Triage  
*Y Golcuk* 1980

Concerns Regarding Selection Bias and Causal Inference in the Study of Functional Predictors of Hypertension  
*J Chu and T Zhang* 1982

Loneliness and Sleep: Perspective From Gam Saan Songs  
*BKP Woo* 1984

Comment on: "Association Between Health Information-Processing Ability and Frailty Among Community-Dwelling Older Adults: Across-Sectional Web-Based Study"  
*Z Wang et al.* 1986

Letter to the Editor: Comment on "the Relationship Between Lifestyle and the Risk of Depression Among People Living With Someone Who Needs Care: The Yamagata Cohort Study"  
*M Xu et al.* 1988

Appetite as a Neglected Determinant of Swallowing Rehabilitation Outcomes in Older Adults  
*S Chen et al.* 1990

Comment on: "Regional Differences in Characteristics, Service Utilization, and Outcome of Patients Receiving Physician-Led Home Visit Care in Japan: A Nationwide Study"  
*M Shibata* 1992

Reappraising Digital Competence and Cognitive Reserve as Protective Factors in Older Adults' Cognition  
*B Sathian et al.* 1994

Research Progress on the Prognostic Significance of Systemic Immune Inflammation Index in Patients With Resected Colorectal Cancer: A Meta-Analysis  
*DM Sati et al.* 1996

Recurrent Falls as a Sentinel Depression and the Pharmacologic Shadow  
*Y Golcuk and MD Sahin* 1998

Intergenerational Relationships and Sleep Quality Among Empty Nesters in Urban and Rural China: The Mediating Role of Loneliness  
*X Shen et al.* 2000

Methodological Considerations for Prehabilitation Research in Japan: Commentary on Fujimoto et al.  
*M Ida et al.* 2002

Comment on: "Associations of Exercise Habits in Young Adulthood and Subsequent Continuation of Exercise Habits With Prefrailty and Frailty in Community-Dwelling Older Adults"  
*H Zheng et al.* 2004

Comment on "Development and Validation of a New Tool for Simultaneous Screening of Malnutrition, Sarcopenia and Cachexia in Older Adults"  
*H Daungsapawong and V Wivanitkit* 2006

Comment on "Measurement of the Walking Distance of the First 3 Steps at the Start of Walking Can Be an Alternative Physical Function Measure to 6 m Walking Speed"  
*C Hu* 2008

Comment on "Pre-Operative Resistance Training and Amino Acid Supplementation in Frail Patients With Gastrointestinal Cancer: A Randomized Clinical Trial"  
*Y Yao et al.* 2010
